

FEES

Each student is charged a fee each year to cover materials, supplies, and rental on all textbooks needed in his/her classes. This fee is the same for all students, regardless of the number of courses that are taken. It does not, however, include the cost of such consumable items as workbooks, subscriptions, and gym bills.

The activity fee also covers various student services, school yearbook, student ID (required for admission to all sporting events and activities), and student planner. **ALL** students are charged the activity fee.

A bill for the activity and book fees will be handed out and is payable at the time of registration. The second billing will be sent home with the first quarter grade card. These fees should be paid by the end of the first semester. There are no further fees except consumable items.

If parents or guardians are unable to pay school fees (such as book rental), you may request an application for waiver of school fees at the principal's office. The following eligibility criteria will be used:

- a) recipient of Public Assistance;
- b) eligible for free or reduced lunch;
- c) other extenuating circumstances.

Class rings, school award jackets, emblems and graduation announcements are not required by the school.
