

Automobiles and/or Motorcycles

Students holding a valid driver's license may drive to school with written consent of a parent or guardian. The following regulations apply to all students driving to school:

1. There will be no reckless driving on or near school grounds. A 5 mph speed limit shall be observed by all vehicles operated on school grounds.
 2. Students are to leave their cars immediately upon arrival at school and not return until lunch or the end of the school day. Students may not sit in or on their vehicles before school or during lunch period. Students may return to their cars during the day only with written permission.
 3. The school district assumes no responsibility for any damage to vehicles parked on school property.
 4. Cars are to be parked in an orderly manner in the designated student parking lots, observing signs and marked lines.
 5. Students called from class to move a car for violation of parking standards shall receive a detention.
 6. Parking tickets will be issued with a fine of \$5.00 for parking violations.
 7. As a condition of parking on school property, students consent to searches of their vehicles.
1. Driving to school is a privilege, which may be revoked.
 2. Cars will only be allowed to park in their designated spots during school hours. **NO EXCEPTIONS!**
 3. Students must show proof of insurance to obtain a parking permit.
 4. Student Vehicles Parking Off-Campus during school hours are subject to search with reasonable suspicion.

INSTRUCTION TO SCHOOL BUS RIDERS

School bus riders, while in transit, are under the jurisdiction of the SCHOOL BUS DRIVER unless the Board of Education designates some adult to supervise the riders. All should become familiar with the following regulations.

1. Be **ON TIME** at the designated school bus stop; help keep the bus on schedule.
2. Stay well off the roadway at all times while awaiting the arrival of the bus... no fighting or running after another student while waiting.
3. Be careful in approaching the place where the bus will stop. **DO NOT MOVE TOWARDS THE BUS UNTIL** the bus has been brought to a complete stop. When entering the bus, use the handrail and move quickly to your seat.
4. Do not leave your seat, stand up, or kneel in your seat while the bus is in motion.

5. Be alert to a danger signal from the driver. The driver is in complete command of the bus.
6. Remain in the bus in the event of a road emergency until the driver gives instructions.
7. Keep hands and arms inside the bus at all times after entering and until leaving the bus. Never throw things out of the windows of a bus. Students should not lower or raise the windows.
8. Remember that loud talking, laughing, or unnecessary confusion diverts the driver's attention and could result in a serious accident. Student or driver should use no profanity.
9. The use of tobacco products is **NOT** allowed on the bus by driver or student-rider.
10. Be absolutely quiet when approaching and crossing a railroad-crossing stop.
11. Treat bus equipment as you would your own valuable furniture in your home. Never tamper with the bus or its safety equipment.
12. Assist in keeping the bus safe and sanitary at all times. No soda is to be brought on the bus.
13. Carry no animal or pets on the bus.
14. Keep books, packages, band instruments, athletic equipment, project materials and all other objects out of the aisles.
15. Be courteous to fellow students and especially to the bus driver.
16. Help look after the safety and comfort of smaller children
17. Do not ask the driver to stop at places other than the regular bus stop. Drivers are not permitted to do this except by proper authorization from a school official.
18. Observe safety precautions at all discharge points. Where it is necessary to cross a two-lane highway, proceed to a point at least ten feet in front of the bus on the right shoulder of the highway where traffic may be observed in both directions.
1. The same rules and regulations for safe riding practices should be observed on co-curricular or extra-curricular activities under school sponsorship as practiced daily. Be respectful of all chaperons appointed by the school.

Discipline procedures could include removal from the bus.

SNOW ROUTES

Emergency snow routes have been developed which will enable the District to be in session on days when the highways and main roads are clear but secondary roads remain too hazardous for normal school bus transportation of students.

School will not be in session in most extreme weather situations and these

routes will only be used as conditions allow. As side roads are opened or become passable, routes will be adjusted to cover as much of the normal route as possible.
